After-Final Amendment

Acknowledgement and entry is made of After-Final Amendment filed October 18, 2010. Claims 11-16 are canceled. Claim 1 is amended. Claims 1-10 are pending.

Allowable Subject Matter

1. **Claims 1-10** are allowed.
2. The following is an examiner's statement of reasons for allowance:
3. Regarding claim 1, the prior art of record neither anticipates nor renders obvious the collective limitations of the claim, including a reflector for a luminaire comprising a plurality of longitudinal main reflecting prism circumferentially arranged on a shaped wall, each of the main reflecting prisms having a peak with a predetermined curvature in a cross section passing through a longitudinal axis of the shaped wall and a plurality of transition reflecting prisms interleaved with the main reflecting prisms, each of the transition reflecting prisms having a peak between two valleys with substantially the predetermine curvature in a first region of the reflector, the peak of each transition prism transitioning into the valley of a respective main prism in a second region of the reflector forming a transition zone that is shorter than the first region, and the main reflecting prism also forming a third region of the reflector without interleaved transition prisms. Claims 2-10 are allowable in that they are dependent on, and further limit claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
